Our administrator Rev.Fr.P.I Vinoth kumar and Our Campus Manager Rev.Fr.A Christo packia raj have conducted holy mass

Campus superior Message

Rev.Fr.P.I.Vinoth Kumar
Campus Superior

Campus Superiors message

Another beautiful month of Learning and yet another beautiful performance by our talented, budding superstars. A big congratulation to all the staff for helping our children put up an amazing performance. It was overwhelming to see all the smiling children perform with passion and zeal... This is to appreciate their efforts throughout the month to make these young kids develop a sense of confidence and the zest to do their daily chores on their own. They have built in significant values surrounded by love and care.

I sincerely admire all staff for their commendable work and dedication. Celebrations and competitions are the platform for the kids to showcase their learning. They also helped our kids to overcome their stage fear .There was ample focus on academics. Our teaching staff have made leaps and bounds academically and socially. Our team is here to showcase everything from DIY (DO IT YOURSELF) learning, digital literacy, critical thinking, game-based learning and more – without the dense academic jargon that often weights it down. Opportunities provided at the campus make our kids to become team players, innovators and task managers. My experiences with our staff have been very positive. Our non-teaching staff established a nice sense of community amongst the parents and teachers. Kudos to our team for the necessary support throughout this month.

Principal's Message

Dr.M.P.Johnson

“The whole purpose of education is to turn mirrors into windows”.

----- Sydney J. Harris

A school plays a crucial role in shaping a child's future. Not only does this include the provision of education and ensuring learning, but moulding the character, morals, and value system of the child as well. A school provides the foundation needed to view the world as a limitless space providing innumerable opportunities to shine.

We celebrated the independence day of our mother land India to remember the sacrifices of the freedom fighters and to bring in patriotism in the young minds.

We, at DMI ST JOSEPH GLOBAL SCHOOL, strive to provide education that explores, challenges, and grooms every aspect of the child's personality. While we are determined to provide seamless learning targeted towards excellent academic performance through the incorporation of the latest teaching approaches, we also ensure that we are actively working on the physical, social, emotional, and spiritual training of our children. We believe that all children can learn and commit to nurturing the potential in each child. We focus on contextual learning based on a constructivist theory of teaching & learning to provide techniques such as problem-solving, learning by doing & inquiry-based learning activities.

Our teachers are professionally equipped to develop adapt and modify curriculum content, pedagogy & assessment which suit the needs and aspirations of our students. We educate our children to change the world through peace, empathy, and fraternity.

Our sincere gratitude to all the stakeholders of DMISJGS i.e. the management, staff, parents, and students for keeping your trust and belief in the school. We will continue with the spirit of inculcating ethics & ethos in young minds with dedication. We look forward to working together to support every child to fulfill the school motto: "Fully Human and Fully Alive". Wishing all our children a happy and successful journey of learning!

I take this opportunity to wish all our awesome teachers in advnce

A happy teachers day.

“A good education can change anyone. A good teacher can change everything!”
