Faith Formation

*"Teach us to number our days, that we may gain a heart of wisdom."
- Psalm 90:12."*

HOLY MASS:

1st Friday HOLY MASS

Holy Eucharistic celebration was conducted on 04.10.2024

Campus Superior's Message

Rev.Fr. Vinoth kumar MMI

Dear Parents, Teachers, and Students,

As we step into the penultimate month of the year, November invites us to pause and reflect on the journey we have traversed. It is a month of gratitude and growth, where each challenge met and milestone achieved becomes a stepping stone toward a brighter future.

To our dear students, November reminds us to persevere in your studies as the academic year approaches its culmination. Use this time to revise, strengthen your concepts, and explore your creative talents. Remember, excellence is not a destination but a continuous journey, and every effort you make shapes your character and dreams. To our esteemed teachers, your dedication and guidance are the cornerstone of our students' achievements. Let this month be an opportunity to inspire young minds to think critically, to foster a culture of curiosity, and to ignite the spark of learning that lasts a lifetime. Your role in shaping the future cannot be overstated, and we remain grateful for your tireless efforts.

To our supportive parents, thank you for being our partners in education. Your involvement in your child's academic and emotional growth is vital. November is also a time to encourage open communication, celebrate small victories, and instill values of discipline and empathy. Together, we can create a nurturing environment that allows every child to flourish.

Wishing you all a month filled with success, joy, and meaningful moments.

Best Regards

Fr. Vinoth MMI

Campus superior

Principal's Message

Dr.M.P.Johnson

The function of education is to teach one to think intensively and to think critically. Intelligence plus character that is the goal of true education”.

-Martin Luther King Jr.

Dear Parents

As we are in the Thanks giving season and celebrating Children's day, I reflect how much I appreciate the opportunity to serve as the School principal. It warms my heart each day I enter the building and see the smiles on our young faces. They bring so much fun to each of us. School is one of my favorite places to be; thank you for sending your child to school with us. It is important to find moments of appreciation and gratitude, especially in this time of thanks giving. I am appreciative of our children, they bring us true joy! I am appreciative of our school staff for their hard work and dedication to student learning and the love they have for our kids. I am appreciative of School families who team with us at school to help support students. I am appreciative of my own family who continually support me at home and while at school, I couldn't do it without them. During this season, I encourage us all to share our appreciation moments with one another.

With the increase of school violence and war across nations, we are taking the next step in teaching our children about how to develop and practice nonviolence and foster peace in collaboration with the Police and Fire and Rescue Departments. Students will review why it is important to be safe at school and why we have rules and practice many types of drills. For the safety of our students, we teach and practice inclement weather, fire, and safety drills with our children's safety in mind.

I view student success as a puzzle, all of the pieces of the puzzle are important and we are each a piece to that puzzle. If one piece is missing, the puzzle cannot be completed. Feel free to reach out to your child's teacher or me at any time if you have any questions or concerns. As the school is preparing for the School Day celebration, I wish all our teachers and students all the very best for a grand success.

Sincerely,

Dr M P Johnson
